SUMMARY

AI/ML enthusiast with hands-on experience in developing machine learning and deep learning solutions, analyzing complex datasets, and building interactive data-driven applications. Proficient in Python, SQL, Power BI, Streamlit, TensorFlow, and PyTorch, with experience in NLP, Computer Vision, and data visualization. Passionate about applying analytical and problem-solving skills to develop scalable AI solutions and deliver actionable business insights through real-world projects.

SKILLS

— Python | SQL | Machine Learning | Deep Learning | Data Analysis | Data Visualization | Streamlit | GitHub | Computer vision | Power BI | NLP | AWS | LLM | Pytorch | TensorFlow | Plotly | Pandas |

PROJECTS

PhonePe Transaction Insights Dashboard

- Developed an interactive transaction analytics dashboard using **Python, Streamlit, MySQL, and Plotly** to visualize state-wise, district-wise, and quarterly payment trends.
- Analyzed and transformed large transaction datasets using **SQL and Pandas**, enabling efficient data retrieval and meaningful business insights.
- Designed dynamic dashboards with interactive filters and KPIs to improve data visualization and support data-driven decision-making.

Comment Toxicity Detection

- Developed an **NLP-based deep learning model** using **TensorFlow, Keras, and LSTM** to classify user comments as toxic or non-toxic.
- Implemented text preprocessing techniques including **tokenization, stop-word removal, and text normalization** to improve model performance.
- Built and deployed a **Streamlit** web application for real-time toxicity prediction with an intuitive user interface.

Content Monetization Modeler

- Built a **machine learning regression model** using **Scikit-learn** to predict digital content revenue based on key monetization metrics.
- Performed **data preprocessing, feature engineering, and label encoding** using Pandas and NumPy to prepare high-quality training data.
- Developed an interactive **Streamlit** application that enables users to input content metrics and receive real-time revenue predictions.

PROFESSIONAL EXPERIENCE

Analyst

Situs AMC

08/2024 – 01/2026
Chennai

- Achieved consistent quality and productivity targets by identifying issues, validating records, and supporting timely loan processing.

Associate mother teacher

Sri chaitanya techno school

08/2023 – 08/2024
Tiruvannamalai

- Assisted in delivering engaging learning activities for pre-primary students, supporting their academic, social, and emotional development.

EDUCATION

BCA

Karan arts and science college

06/2020 – 06/2023
Tiruvannamalai

Artificial intelligence and Machine Learning

IIT-M GUVI

02/2026 – 06/2026
Tiruvannamalai

CERTIFICATES

- Foundational course in Cybersecurity
